

KERRY LEE SLOAN

ABOUT ME

I have dual nationality, with British and Thai passports. I am an easy person to talk to. I socialise well and I am approachable and liked by others. I am also an organised and logical person, which allows me to work either in a team or independently. I do enjoy a challenge and work well under pressure. I am also confident, but not arrogant. Also, I was an art student so I can be very creative and inventive.
